

September 13-15, 2018

Split - Supetar, Croatia

24th Workshop on Information and Communications Technologies

24th Workshop on ICT will be held in the frame of the 26th International Conference on Software, Telecommunications, and Computer Networks (*SoftCOM 2018*) in attractive ambience of Split – Supetar (Island of Brač) on September 13-15 and will provide an open forum for information and communications technology professionals and engineers to discuss new and emerging systems, standards and services, and their applications in telecommunications and information systems. We are soliciting technical contributions presenting state of art in the wide spectra of contemporary ICT systems and applications including the measurements set-ups, original developed applications as well as demonstrations of ICT prototypes. *SoftCOM 2018* will offer a pleasant open space in the Conference hotel to support the presentation of systems and applications. Topics of interest are the same as research topics of *SoftCOM* - see the [Call for SoftCOM 2018 General Conference](#).

Authors are invited to submit their proposals through the EDAS website at <http://softcom2018.fesb.hr>. Paper submissions should be prepared in the two-column IEEE format. Accepted papers will be published in the Workshop proceedings (not in IEEE Xplore).

Steering Committee

Matko Šarić chair
University of Split, Croatia

Zoran Blažević
University of Split, Croatia

Julije Ožegović
University of Split, Croatia

Miljenko Mikuc
University of Zagreb, FER

Petar Šolić
University of Split, Croatia

IMPORTANT DATES

Complete manuscript due
July 16, 2018
